Subject : Agribusiness – Fruits, Vegetables and Snails.

Date : July 7, 2015

Dear Sir,

In response to visit of Chilean business delegation to Accra-Ghana recently, we write to offer a joint partnership arrangement in our company for commercial production of Fruits, Vegetables and Snails for local and export markets.

We are a registered liability company in Agribusiness. We have a 2,000 acres of farming land near Kpando, the District Capital.

The land is virgin and fertile and has a river running thro the land flowing year round into the Lake of Volta River for irrigation. Power is available close to the land for tapping. Road network from the Ports is satisfactory.

Below are the crops the company is proposing.

1. Fruit Tomatos
2. Shallots
3. Onions
4. Hot Peppers
5. Sweet Peppers
6. Carrots
7. Watermelon
8. Cabbage

For local markets

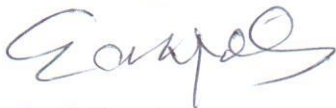

1. Snails
2. Butternut squash
3. Hot Peppers
4. Okra
5. Carrica Papaya
6. MD2 Pineapple

For export market.

Ghana averagely imports over 53,000mt of onions to the value of 11.3m US\$ Dollars per annum and well over 6,000mt of Fruits Tomato US\$ 3.m even though local production exists. Besides fresh fruits Tomato additional 112.3m US\$ is spent on tomato paste imports annually.

We trust it shall be possible to find a suitable partner with a vast interest, experience and expertise among your business community for our course.

Very truly yours.

Emil Akpetey
